Founded in Chicago, Illinois, when two school district employees set out to bridge the gap between how students live their lives and how they learn in school, Edmodo was created to bring education into a 21st century environment.

Edmodo is free for teachers and students—and always will be. [Available online and for Android, iOS, and Windows](#)
Sign Up as a Student

If you have never created an Edmodo Account, you can create a new Student Account by following the steps below:

1. Obtain a 6-digit Group Code from your teacher.
2. Go to www.edmodo.com and click "Students."
3. Fill out the registration form with the Group Code, a unique username, and password. An email address is not required to sign up for a Student Account.
4. Select the “Sign up” button to complete the sign up process. You will then see the Group your teacher created in the left side panel of your account.

Note: You only need one Student Account to join all your Groups!
Join Edmodo, where over 41 million teachers, students, and parents are connecting to collaborate on assignments, discover new resources, and more!

You must have a Group Code provided by a Teacher to sign up as a Student.
Join a Group

if you have not yet created a Student Account

If you have not yet created an Edmodo Account, you'll join your first Group when you sign up on Edmodo. Follow these simple steps to get started:

1. Obtain a 6-digit Group Code from your teacher.
2. Go to www.edmodo.com and click “Students.”
3. Fill out the registration form with the Group Code, a unique username, and password. An email address is not required to sign up for a Student Account.
4. Select the “Sign up” button to complete the sign up process. You will then see the Group your teacher created in the left side panel.

Note: Once you have created your account and are in a Group, you will no longer join Groups using these steps. You can join multiple Groups with your single Edmodo Account.

if you have already created a Student Account

If you already have a Student Account with Edmodo, follow these steps to join a new Group:

1. Obtain a 6-digit Group Code from your teacher.
2. Navigate to www.edmodo.com and log in with your username and password.
3. Click the "Plus" icon in the left side panel next to "Groups."
4. Type in the 6-digit Group Code from your teacher and click "Join."
5. You will then see the Group your teacher created in the left side panel.

If your teacher gave you a Join Group URL and you already have an Edmodo account, you can just click the link and sign into your Edmodo Account and you will be taken to the Join Group request page.

Note: To join other teacher’s Groups or classes, all you need to do is repeat these instructions, all on your same Student Account. There is no need to create another account!
Enter the group code you received from your teacher here to join the group.
Send and Reply to Posts

Send a Direct Message to your Teacher

You can easily send a "Direct Message" to your teacher. This is a private message will only be visible by your teacher. It will appear in your posts stream, but nobody else's. This can be a great way to communicate privately with your teacher.

To send a Direct Message:

1. **Log in** to your account
2. Types your message in the text field near the top of the page that says "Type your note here..."
3. Click the "Send To" menu, and select your teacher's name.
4. Click the grey icons at the bottom of the post if you want to attach a File, Link, or something from your Backpack
5. Click the blue "Send" button

*Your post will then appear in your post stream, but only you and your teacher will be able to see it!*

Send a Post

To create a new post, follow these steps:

1. Type the message in the **text box** of the post bubble.
2. Click on the “Files”, “Links”, or “Library” icon to add attachments.
3. Type the name of a Teacher or Group into the “Send to…” field. (If you clicked on a particular Group, the “send to” field will automatically show the Group, you can add more Groups if you like.)

*Note: Students cannot privately message other students. You can direct message your teacher by typing their name in the "Send To" field.*
Attach files, links, or Backpack resources here

Type the name of a Teacher or Group you’d like to send to post to here.
Reply to a Post

If you want to respond to something your teacher or classmates said to the Group, you can reply to the post following the steps below.

1. Select the “Reply” icon located below a message.
2. Type your reply in the text box then select the “Reply” button when you are ready to post it. The reply message will appear below the original post.

Note: You cannot directly reply to a reply, but you can add the @ symbol and the person's name in your reply to signify your reply was meant for them. This is a public reply for everyone in the Group to see.

**Turn in Assignments**

Once you have completed your Assignment, you can turn it in by following the steps below:

1. Click the "Filter posts by" link at the top right of your "Latest Posts" area and choose Assignments to find the Assignment.
2. Locate the Assignment Post and click the “Turn in” button on the Assignment.
3. Type a message in the text box and attach any files, links, or items from your Backpack.
4. Click on the Reaction to the Assignment (you cannot change this reaction after submitting the Assignment).
5. Click on “Turn in Assignment.”
6. After you have turned in an Assignment and your teacher has graded it, you can view your grade.

Note: If you need to resubmit an Assignment, you can do so only if your teacher allows this. Once your teacher has graded the Assignment, you are unable to resubmit the Assignment, unless the teacher clears the grade first. If you are turning in an image file, please read our article about submitting image files as assignments.

**Submitting image files for an Assignment?**

Many art teachers have their students submit image files for assignments on Edmodo. This is a great way to turn in your work. However, when image files are attached to assignment submissions, their file size is reduced to increase the speed and performance of the upload, which can occasionally result in decreased or distorted image quality. If you would like to maintain the original file size and quality of your image, please follow the steps below:

- Students can upload their photos to an external hosting site, such as Flickr or Picasa, and then attach the links to their images to their assignment submissions. This way, you can ensure that the students' submissions will not be distorted or reduced in quality.
- Or, browse this list of other photo-sharing sites.
Clicking "Filter posts by" then "Assignments" makes it easy to find all of your Assignment Posts.

Click "Turn In" on the Assignment Post to turn in your assignment.
Resubmit the Assignment

If the Teacher has not graded an Assignment yet, students can resubmit the Assignment as many times as they like. If you have graded the assignment, simply clear the grade so student’s can resubmit. To resubmit an Assignment, students will need to do the following:

1. Submit the Assignment for the first time.
2. Filter the Post Stream for Assignments to find the Assignment post you want to resubmit.
3. Click on the "Turned In" button on the assignment post. You can still resubmit if it says "waiting for a grade."
4. Click on Re-submit Assignment in top right of Post Stream.
5. Re-submit Assignment.
6. Click "Turn in Assignment."
7. You can continue to resubmit an Assignment until your teacher grades it.

Note: Students and Teachers can see all of the Assignment submissions for a student. Once an Assignment is graded, it can no longer be re-submitted unless a teacher clears the grade. A teacher can review an Assignment and decide if the student needs to resubmit it for any reason. Then, rather than grading it, the teacher can make a comment for the student to resubmit the Assignment and grade it once the student has resubmitted it.
Before the teacher grades the assignment, the student can resubmit any number of times.

Here is my assignment

View Your Grades/Progress

Once your teacher has graded your Assignments and Quizzes, you'll want to go to the Progress area to see your results. You can access your grades by doing the following:

1. Select the "Progress" icon in the top toolbar.
2. Select a Group from the menu.

Note: You can also get to the Progress page from your Student Profile by clicking the "Progress" tab.
Select the Group you would like to see Progress

Photosynthesis Lab Assignment

Turn In Due May 17, 2013

Please look over this lab before next week. You will complete the lab on Monday and turn in the report by Friday. Let me know if you have any questions!

Photosynthesis Simulation
biologycorner.com
Each Assignment is listed below with your Grade or Turn In status.

- **Lab Group 3 / Photosynthesis Lab Assignment**
  - Due: May 17, 2013
  - Not Turned In

- **Lab Group 2 / Photosynthesis Lab Assignment**
  - Due: May 17, 2013
  - Not Turned In
Problems logging in

If you have an email address on your account, you can reset your password with the "Forgot your Password" link found at www.edmodo.com.

If you are a student and do not have an email address linked to your account, your teacher can reset your password for you and let you know your username. This is the best way for students who do not have email addresses on their accounts to recover their passwords.
